
Job posting - Table need to make bigger

Posted by myaviation - 2008/12/03 20:52

Joomla 1.5.8
jobline Version: 1.1.3.1

Ok i just installed it this will help out a bunch.. but when i go to my page. the Job posting page, the table is SO SMALL it doesn't fill up the screen not sure where to look for it..

<http://bestaviationarticles.com/joomla1/aviation-jobs>

thanks

Jobline itself doesn't limit the size of the table. It does however use some default Joomla css, so you should check your Joomla template.
