

{quickdown:116} Show latest commented on items from Joomla content, Jx Directory, Jambook, Mamblog or Weblinks. Supports Jambook, JoomlaComment v2.40, Gabrovo 1.0, Combo MAX v3.4.0, MosCom 0.8n, OpenComment 3.0.21, jComments and various versions of AkoComment.

### Changes in v2.0

- Only for Joomla 1.5.
- Refactored into proper Joomla 1.5 MVC to ease templating.
- Added lots of css parameters.
- Language strings translatable in language files.
- Can now show the latest comment for jComments.
- List can be ordered by latest comment, content date, or comment count.
